

Throckmorton County's Curbside Voting

Curbside Voting

If a voter is physically unable to enter the polling place, he or she may ask that an election officer bring a Portable voting machine to the entrance of the polling place or to a car parked at the curbside. After the voter marks the ballot, they will give it to the election officer, who will put it in the ballot box. Or, at the voter's request, a companion may hand the voter a ballot and deposit it for him or her.

TIP FOR VOTERS WITH DISABILITIES:

The law requires that each polling place must designate a parking space for curbside voting. The space must be clearly marked with a sign that indicates that the space is reserved for curbside voting. The sign will display a telephone number that a voter may call or text to request assistance from an election officer. Generally speaking, you may vote curbside during the early voting period (the 17th day before Election Day until the 4th day before Election Day for most elections) or on Election Day. For a May uniform election date or resulting runoff election or some special elections, the early voting period is the 12th day before Election Day until the 4th day before Election Day.
